

During these uncertain times, Prudential remains committed to making it as easy as possible for you to continue to build your business and ensure clients have access to the life insurance coverage they need.

That's why we're introducing two important updates to PruFast Track, our accelerated underwriting process. For a limited time, we are:

- **Increasing the face amount limit** of eligible policies from \$1 million to \$3 million.
- **Eliminating the medical exam and lab requirements**, where possible, for applicants age 60 or younger, applying for \$3 million or less in face amount coverage.

These changes represent an opportunity for you to deliver life insurance solutions to more clients in a way that may not have been possible before. So if you've been on the fence about PruFast Track, now's the time to give it a try. Simply eSubmit\* your next life insurance application and Prudential will take care of the rest.
